
Junior Architect or Architectural Technologist

Michael Green Architecture (MGA) is a dynamic design firm based in Vancouver. We have an international reputation for industry-leading innovation in mass timber design and construction. MGA has a staff of 25 architects, interior designers, and admin staff. Our current projects cover a broad range of building types, from single family residential, to large scale mixed-use, and institutional developments.

MGA is currently seeking an experienced Junior Architect or Architectural Technologist with strong Revit skills to support the firm's continued growth. The position supports Michael and our senior design team through all phases of our work, including collaboration and coordination with the design team, clients, consultants, and relevant authorities. This position requires someone who is self-directed and independent with strong collaboration skills and an approachable demeanor. We are a social and collaborative team in an open studio environment.

ESSENTIAL SKILLS AND REQUIREMENTS

- Architecture degree or Architectural Technologist diploma from an accredited program.
- Excellent design and graphic skills.
- Self-motivated; ability to manage time well and work efficiently towards deadlines.
- Excellent written and verbal communication skills, with fluency in English.
- Ability to work in the context of multidisciplinary project teams.
- Knowledge of municipal processes, building codes, and bylaws preferred.
- Working knowledge of Revit, AutoCAD and Sketchup is preferred.

ADDITIONAL COMMENTS:

- MGA offers a competitive salary and benefits package, and the opportunity to grow with our team in a collaborative, open-office environment.
- All applicants should submit a portfolio with CV or resume and references to jobs@mg-architecture.ca. Please specify job title in the subject line.
- No phone calls, please. Only those selected for an interview will be contacted.
