
Senior Architect | 10+ Years Experience

POST DATE: 12/06/18
CLOSE DATE: open until filled
LOCATION: Vancouver, BC

MGA | Michael Green Architecture is an award-winning mid-sized architecture and design firm working on a diverse range of ambitious, sustainable projects both locally and internationally. Michael Green founded the practice in 2012 to create meaningful and sustainable change in building through innovation in construction sciences and design. From our Vancouver studio, our exceptionally talented and experienced staff work on commissions ranging from tiny boutique interiors to large institutional buildings. We are passionate about our goals and strive to be leaders in our community through our work, research, and personal lives, and are always looking to make the best choices for the environment in our projects.

Current projects include a large sports and culture centre in Northern Sweden, high-tech offices in France and New York, innovative mixed-use residential projects across North America, advanced technology buildings in Silicon Valley, and custom homes here in Vancouver and around the world.

We are looking for a creative **Senior Architect** with strong leadership skills to lead and support our current and upcoming projects. Our ideal candidate will demonstrate a high degree of creative thinking in the design process and be able to effectively communicate design ideas both verbally and graphically. As a self-motivated and independent member of our team, you will:

- Lead project teams and coordination through all project phases.
- Work directly and effectively with clients, consultants, vendors, and contractors.
- Lead the development of presentations using physical and digital tools.
- Work constructively in a team-oriented environment, provide mentorship, and manage junior and intermediate design staff.

REQUIREMENTS:

- Architecture degree from an accredited program.
- Minimum of 10 years of relevant architectural experience across a broad range of project types.
- Experience leading large, complex projects.
- Local Vancouver experience (BCBC, VBBL, passive House or Net Zero is considered an asset).
- Strong organizational and leadership skills.
- Excellent technical, design, and graphic skills.
- Self-motivated; ability to multi-task, manage time well, and work towards deadlines.
- Excellent written and verbal communication skills, with fluency in English and valid work status in Canada.
- Experience working in the context of multidisciplinary teams.
- Working knowledge of AutoCAD, Sketchup, Adobe Suite, Microsoft Suite (Word, Excel, Power Point, Outlook), and/or other design related software is considered essential. Revit knowledge is an asset.
- Registered AIBC/RAIC Architect preferred.
- Thorough knowledge of building envelope and construction assemblies.

MGA is an equal opportunity employer. We offer a competitive salary and benefits package, and the opportunity to grow with our team in a collaborative and fun, open-office environment.

All applicants should submit a portfolio with CV and references to jobs@mg-architecture.ca. Please specify job title in the subject line. No phone calls, please. Only those selected for an interview will be contacted.
