
Intermediate Architect or Architectural Technologist with REVIT | 5+ Years Experience

POST DATE: 12/09/2019
CLOSE DATE: open until filled
LOCATION: Vancouver, BC

MGA | Michael Green Architecture is an award-winning mid-sized architecture and design firm working on a diverse range of ambitious, sustainable projects both locally and internationally. Michael Green founded the practice in 2012 to create meaningful and sustainable change in building through innovation in construction sciences and design. From our Vancouver studio, our exceptionally talented and experienced staff work on commissions ranging from tiny boutique interiors to large institutional buildings. We are passionate about our goals and strive to be leaders in our community through our work, research, and personal lives, and are always looking to make the best choices for the environment in our projects.

Current projects include a large sports and culture centre in Northern Sweden, high-tech offices in France and New York, innovative mixed-use residential projects across North America, advanced technology buildings in Silicon Valley, and custom homes here in Vancouver and around the world.

We are looking for an experienced **Intermediate Architect or Architectural Technologist** to help support the firm's continued growth. As a self-directed and independent member of our team, you will:

- Work closely with our senior design team through all phases of work, including collaboration and coordination with the design team, clients, consultants, and relevant authorities.
- Have excellent experience working in Revit on all project phases (concept design through CA).
- Resolve complex technical issues.
- Be willing to assist and mentor other team members with Revit-related issues.

REQUIREMENTS:

- Architecture degree or Architectural Technologist diploma from an accredited program.
- Strong working experience with Revit (BIM) is required, including proficiency in Revit modeling and experience setting up and managing complex models for multiple users.
- Minimum of 5 years of relevant architectural experience.
- Proficiency in Revit modeling.
- Strong design and graphic skills.
- Self-motivated; ability to manage time well and work efficiently towards deadlines.
- Excellent written and verbal communication skills, with fluency in English.
- Experience working in the context of multidisciplinary project teams.
- Working knowledge and experience with municipal processes, building codes, and bylaws preferred.
- Strong working knowledge of AutoCAD and Sketchup is preferred.
- Collaborative and professional work ethic.
- Valid work status in Canada.

MGA is an equal opportunity employer. We offer a competitive salary and benefits package, and the opportunity to grow with our team in a collaborative and fun, open-office environment.

All applicants should submit a portfolio with CV and references to jobs@mg-architecture.ca. Please specify job title in the subject line. No phone calls, please. Only those selected for an interview will be contacted.
