

## **Senior Architectural Designer** | 8+ Years Experience

MGA | Michael Green Architecture is one of the most internationally recognized architecture firms in Canada, having completed some of the most significant timber buildings in the world. We are recognized for sustainable architecture and developing carbon-neutral buildings with advanced wood construction. We work with clients both locally and internationally to help solve the greatest challenges of our time; for people and planet.

As architects and designers, we have an ambitious obligation; it's our job to reshape the quality and longevity of life on earth through the lens of design. We are advocates for lasting positive change and are committed to designing solutions that push boundaries. Our team values are rooted in inclusive collaboration, community contribution, constant evolution, and most simply – love for nature.

### **WHAT WE'RE LOOKING FOR**

MGA | Michael Green Architecture is seeking a talented **Senior Architectural Designer** who possesses infinite curiosity and creative thinking. You'll be expected to be an integral part of our crew by leading the design effort on large and complex projects. This is a great opportunity to have meaningful impact on some of our most exciting projects yet!

### **WHAT YOU'LL GET UP TO**

- Lead and manage teams in the coordination of large scaled and complex projects
- Create and explore high quality design and planning concepts across numerous projects
- Work effectively with internal teams, clients, consultants, vendors, and contractors
- Work in a team-oriented environment: mentor, advise, and coach a team of talented junior and intermediate designers
- Promote and lead office-wide initiatives, and support marketing & business development pursuits
- Instill and promote a culture of learning & development in the company with your empathetic leadership style

### **WHAT WE VALUE**

- 8+ years of architectural experience across a range of project types
- Registered architect preferred
- Experience leading large, complex projects through various project phases
- Exceptional design planning, and ability to communicate design concepts to a range of audiences
- Ability to apply working knowledge of municipal & government processes, as well as building codes & bylaws
- Excitement to uphold and story tell the MGA vision
- Local Vancouver experience (BCBC, VBBL, Passive House or NetZero are big bonuses!)
- Proficient knowledge of: AutoCAD, Revit, Adobe Suite, Microsoft Suite

MGA is an equal opportunity employer. We offer a competitive salary and benefits package, and the opportunity to grow with our team in a collaborative and fun, open-office environment.

To apply, please submit your portfolio + resume to [jobs@mg-architecture.ca](mailto:jobs@mg-architecture.ca). Please specify job title in the subject line. No phone calls, please. Only those selected for an interview will be contacted.
